DE VALERA AND CRAIG CONFER ON PEACE TERMS

RELFEST, May 5.—Sir James Craig, premier-designate for Ulster, and Professor Eamon DeValera, the Irish Republican leader, had a conference on Irish affairs in Dublin today. It was announced officially this afternoon. It was added that they exchanged their respective viewpoints.

1,100 TRACTION CAR PLATFORM MEN STRIKE IN NORTHERN OHIO

CANTON, O., May 5.—Official announcement by the Northern Ohio Traction Company this morning that it intends to operate cars on all city and interurban lines just as soon as arrangements can be completed, featured the first day of the strike of the 1,100 platform men in the employ of the company which caused thousands of men and women here to walk to work and has completely tied up service on the Akron, Canton, Massillon city lines and interurban service from Cleveland to Uhrichsville.

The men on the Akron city lines walked out early today. The company declares the strike was not authorized by the national association and as a result it will run cars on all divisions as soon as possible. An appeal was made by General Manager A. C. Blinn to Mayor Herman H. Witter today for police protection when an attempt is made to run the cars.

New Men Must Have Experience Mayor Witter will call the attention of the company to a city ordinance which specifies that no person can operate a street car in Canton without having had ten days' training under an experienced motorman or conductor and are thoroughly familiar with the routes over which the cars are to be operated.

This ordinance, which Mayor Witter intimates he will strictly enforce, may prove an obstacle to the company's announced intention of running the cars and operating them as far as Canton is concerned.

Jinns Sprung Up Like Mushrooms Scores of new bus lines and taxi services sprung into existence today. The street car and manufacturing plants swarmed trucks into passenger carrying vehicles and were able to get many of their employees to work, but the motor equipment in the city proved inadequate to accommodate more than half of the 30,000 passengers carried each day on the city lines.

It is estimated the Northern Ohio Traction Company cars carry approximately 2,000 persons between Cleveland and Canton daily, with more than this number riding the cars between Canton and Akron and between Akron and Massillon daily.

Refuse To Haul City Passengers The tie-up in this city was given further trouble this morning by the refusal of the car crews of the Stark Electric Railway Company, operating an interurban line between Canton, Massillon, and Salem, to haul city passengers.

DEFINITE REPLY IS DEMANDED OF BERLIN BY ALLIES

LONDON, May 5.—The allied ultimatum issued to Germany today summons her to reply categorically by May 12, at the latest, whether she will perform her unfulfilled obligations under the treaty of Versailles, primarily as to the payment of reparations to the allied powers.

Should Germany fail to comply, the allies give notice that they will proceed on May 12, with the occupation of the Ruhr valley and "to undertake all other military and naval measures."

The terms of Germany's payment of her debt to the allies are to be given her by the allied reparations commission by tomorrow.

Meanwhile, the allies, the ultimatum states, are to continue with all necessary preliminaries for the occupation of the Ruhr. The ultimatum was handed to Dr. Sittmer, the German ambassador in London, this morning.

It read, after reciting Germany's unfulfilled obligations with regard to disarmament, reparations, the trial of war criminals and other matters, in substance as follows:

DETAILS OF DEMANDS MADE ON GERMANY

"The allied powers have decided:

"(A) To proceed from today with all necessary preliminary measures for the occupation of the Ruhr Valley by allied troops on the Rhine under the conditions laid down.

"(B) In accordance with Article 235 of the Versailles treaty to invite the allied reparations commission to notify the German government without delay of the time and methods for the discharge by Germany of her debt, and to announce its decision on this point to the German government by May sixth, at the latest.

"(C) To summon the German government to declare categorically within six days after receiving the above decision its determination:

"(1) To execute without reservation or condition its obligations as defined by the reparations commission.

"(2) To accept and realize without reservation or condition in regard to its obligations the guarantees prescribed by the reparations commission.

"(3) To execute without reservation or delay measures concerning military, naval and aerial disarmament of which Germany was notified by the allied nations in their note of January 20; those measures in the execution of which they have so far failed to comply with are to be completed immediately, and the remainder on a date still to be fixed.

"(4) To proceed without reservation or delay to the trial of war criminals, and also with other parts of the Versailles treaty which have not yet been fulfilled.

"(5) To proceed on May 12 with the occupation of the Ruhr Valley, and to undertake all other military and naval measures, should the German government fail to comply with the foregoing conditions. This occupation will last as long as Germany continues her failure to fulfill the conditions laid down."

U. S. Invited To Be Represented

LONDON, May 5.—Formal invitation to appoint representatives to the supreme allied council, the council of ambassadors and the allied reparations commission was cabled to the American state department in Washington by the supreme allied council last night.

WASHINGTON, D. C., May 5.—Sir Auckland Geddes, British ambassador, carried to the state department today the formal invitation to the United States from the allied powers to be represented on the supreme council, the reparations commission and the council of ambassadors. The invitation was cabled from London last night.

German Cabinet Has Resigned

LONDON, May 5.—The resignation of the Fehrenbach ministry at Berlin, on the eve of the signing of the ultimatum, has brought a new element into the situation. Rumors that the German government would tender its resignation to President Ebert had been heard with considerable credence for several days and contradictory dispatches received last night asked little surprise. It was said last night that the German president had asked Chancellor Fehrenbach's cabinet to continue to function in "dealing with current affairs." This the cabinet consented to do.

Dr. Gustav Stresemann, leader of the People's Party in Germany, was mentioned as being the probable successor of Konstantin Fehrenbach as chancellor. Dr. Stresemann was among the most bitter critics of the Fehrenbach ministry, and his party was reported early in March as exerting considerable pressure upon the government to bring about a break with the entente. It was said at that time that the People's Party was urging the German government to demand that the allies withdraw their forces from newly occupied districts along the Rhine under the threat of breaking off diplomatic relations.

Resigned German Cabinet Continues To Function

BERLIN, May 5.—The cabinet of Chancellor Fehrenbach, which last night tendered its resignation to President Ebert, was continuing to function today in compliance with the president's request that it remain in office until a new ministry was organized. Informal conferences were in progress today among the coalition party leaders.

Whether the present party bloc will be able to send another cabinet to the government's bench in the reichstag is the subject of lively conjecture in parliamentary circles, as is the question whether such a government could count upon the "benevolent neutrality" of the majority Socialists which is necessary for an effective working majority. The new cabinet, it is pointed out, will also be confronted with the prospect of being called upon to affix Germany's signature to the entente protocol on reparations.

Sum Fixed At 33 Billion

LONDON, May 5.—The protocol to be handed the German war burdens commission in Paris tonight by the reparations commission says:

"Germany will perform in the matter laid down in this schedule her obligations to pay the total fixed in accordance with Articles 231, 232 and 233 of the treaty of Versailles 132,000,000,000 gold marks (\$32,000,000,000), less:

(A) The amount already paid on account of reparations.

(B) Sums which may, from time to time, be credited to Germany in respect of state properties in ceded territory, etc.

(C) Any sums received from other enemy or former enemy powers, in respect to which the commission may decide credits should be given to Germany, plus the amount of the Belgian debt to the allies, the amounts of these reductions to be determined later by the commission."

The protocol then provides for the issue of bonds, as has previously been outlined and which shall be secured on the whole assets of the German empire and the German states.

The first series of bonds, for the amount of 12,000,000,000 gold marks (\$3,000,000,000), the protocol says, shall be created and delivered by July 1, 1921, but the interest of five per cent, plus one per cent for a sinking fund, shall be payable half yearly from May 1.

The second series, for 38,000,000,000 gold marks (\$9,500,000,000), shall be issued on November 1. The third series, for 82,000,000,000 gold marks (\$20,500,000,000), shall, not later than November 1, be delivered to the reparations commission without coupons attached, and will be issued by the commission as, and when, it is satisfied the payments which Germany undertakes to make in pursuance of this agreement are sufficient to provide for the payment of interest and the sinking fund on such bonds. Weight Of Responsibility Showing On President HARDING TRYING TO MAKE CONGRESS KEEP HANDS OFF

Congressmen Want To Invade Harding's Rights Not All Senators Are Cooperating With President

BY DAVID LAWRENCE (Copyright, 1921, by Times Pub. Co.)

WASHINGTON, May 4.—President Harding looks somewhat "enervated." The weight of responsibility rests heavily on him. No longer does he wear the Senatorial mantle, the cap of clerk room; he looks and acts the part of a chief executive, whose time for smiles and banter are lost in the seriousness of a huge task.

The correspondents see the president on Tuesday just after a cabinet meeting. Mr. Harding had a burdensome day. He started a movement for economy in the government departments—a pruning of all expenses. That is only a part of his job—the affirmative side. He betrayed uneasiness over other phases of it—what may be called the negative side—preventing some of his former colleagues of the senate from harassing him.

Wants Senate to Keep Hands Off The president has found it necessary to beg the Senate to remember that the chief executive cannot do effective work if the members of the legislative insist on invading what he considers his legitimate jurisdiction—the handling of foreign policy, questions of disarmament, the recall of troops from the Rhine and kindred matters.

Mr. Harding isn't seeking a quarrel with the Senate. He is doing every thing in his power to avoid one. But all the Senators aren't cooperating with him in a way that spells team work. Time was when members of Congress would keep the White House informed if they intended introducing bills or making speeches that touched on the sphere of the executive. As a consequence little evidences of a lack of team work are exaggerated into reports of friction.

Job of Amending Treaty Appears Hopeless

The most important case in point has just been cleared up at the White House. And everybody who heard Senator Lodge make his speech advocating passage of the Knox resolution was surprised to hear him express the opinion that the Versailles treaty could not be modified by reservations in such a way as to make it satisfactory to the United States. Not only was this a surprise because Mr. Lodge himself has been the author of two sets of reservations but the impression obtained was that Senator Lodge after conference with President Harding or Secretary Hughes had come to the conclusion that the job of amending the

Marine Workers Fail To Meet Secretary Davis

WASHINGTON, May 5.—Representatives of the marine workers failed to meet today with Secretary Davis to continue conferences looking to a settlement of the shipping wages controversy which has resulted in crews of some American merchant craft walking out.

Mr. Davis said the conference would not be held and that he did not know whether the meetings would be resumed.

Bergdoll Probe At Standstill

WASHINGTON, D. C., May 5.—The investigation by a house committee of the escape from the military authorities of Grover C. Bergdoll, wealthy Philadelphia draft evader, was at a standstill today, the committee having adjourned late yesterday until Monday in the midst of the testimony of Edward S. Bailey, law partner of Samuel T. Ansell, former acting judge advocate general of the army. Mr. Bailey will be recalled when the investigation is resumed.

Mr. Bailey corroborated previous testimony by Mr. Ansell, particularly that portion of it concerning the connection with the case of Judge John W. Wescott, of New Jersey. Judge Wescott had denied Ansell's statement that he knew all about the story of the gold Bergdoll claimed he had buried near Hagerstown, Maryland. The witness also corroborated Mr. Ansell's testimony, denied by Judge Wescott, that the judge went to the war department to see Secretary Baker in Bergdoll's behalf and remained there some time without seeing him.

Anderson is an active member of the Irish White Cross, leading in the relief work in Ireland.

Tree May Take The Place Peculiar Poison From Tree Fatal To Flies Of Fly Swatters And Screens

WASHINGTON, D. C., May 5.—Fly swatters will be relegated to the junk pile if the United States department of agriculture finds merit in the fly kill-culture plants claimed for a sapling grown from the seed of a Kentucky coffee tree by the late Professor George F. Holmes, of the University of Virginia. The sapling has been sent here by the University for a test of the properties claimed and with the hope that the seeds will be distributed throughout the country to exterminate the pests.

Professor Holmes asserted that the tree gave off a peculiar poison fatal to flies and therefore was a boon to humanity. He planted it in his garden and requested that it be dedicated as his only memorial. At the direction of the faculty a metal plate inscribed "Holmes Tree" was fastened to its trunk and an iron fence placed about it.

Pomerene, Borah To Fight For A Disarmament Plan

WASHINGTON, D. C., May 5.—A fight for naval disarmament proposals at an early date in the senate in opposition to the administration program was accepted as a foregone conclusion today. The naval appropriation bill was to be reported from the committee today stripped of all such features at the request of President Harding because of the international situation, but both Senators Borah, Republican, Idaho, and Pomerene, Democrat, Ohio, announced that they would fight the floor for a disarmament conference of Great Britain, Japan and the United States. The bill is expected to come up for debate next week after disposal of the emergency tariff and anti-dumping measure.

In opposing any such conference at this time, President Harding has made clear that he stands ready to urge an international agreement limiting armaments at the first practical moment. The Borah proposal, however, would urge him to call a conference of the three powers here to discuss a reduction in naval programs and Senator Pomerene would delay the building for six months pending efforts to gain the assent of Great Britain and Japan to join in a conference.

The appropriation bill to be reported in the senate carries \$100,000,000 more than was voted by the house and is practically identical with the measure which failed of passage in the senate last March. The principal increases are for a personnel 20,000 greater than the 100,000 provided for by the house, for enlarged aviation programs, development of fleet bases on the Pacific coast and for speeding up capital ship construction.

PERSHING TO GET DEGREE

CHESTER, Pa., May 5.—General John J. Pershing will be the guest of the Pennsylvania military college at the commencement exercises on June 15, and will be the recipient of an honorary degree, it was announced today. George C. Christian, secretary to President Harding who is a graduate of the college will be given a degree at the same time.

LONDON, May 5.—Polish elements in Upper Silesia have forcibly taken possession of a wedge-shaped region, the base of which is the former German-Polish frontier and the apex of which has reached Gross Strehlitz. It is declared in advices received here. The cities of Tarnowitz, Koenigsbuehle, Kallowitz, Rybnik, Ratibor, Reuthen and Lublinitz are said to be in the hands of the Poles, who have reached the Oder river and are marching toward the northwest in the direction of Oppeln.

Poles To Seize Whole Region

Dispatches from Silesia assert the Poles, angered by reports that the inter-allied plebiscite commission had recommended the awarding of only the regions of Pless and Rybnik, in southeastern Silesia, to Poland, have declared their intention to seize the whole region, over the possession of which a bitter political struggle has been waged and the future status of which was to have been determined by the plebiscite held recently.

The Daily Mail said today it had learned that Premier Briand, of France, had asked Prince Sapieha, Polish foreign minister, who arrived here on Monday, to transmit a request to the Polish government to take immediate steps to end the disorders in Upper Silesia.

Polish Military Forces Not Engaged

So far as known, Polish military forces are not engaged in the reported disorders in Silesia, but dispatches indicate that elements which have crossed the Silesian frontier are well organized and were armed with rifles and machine guns. French, British and Italian control officials have been ignored, it is said, and a report reaching this city last night stated that Italian soldiers forming the allied garrison of Grossstrehlitz had been engaged in an artillery duel with Polish bands attempting to take that city. Germans in the neighborhood of Rosenberg, northwest of Lublinitz, were reported to be organizing forces to defend that city or to launch a counter offensive against the right flank of the advancing Poles.

Allied officials here to attend the meeting of the supreme allied council make no secret of the fact that the situation in Upper Silesia has approached a crisis. It is realized the allied military forces in Silesia are inadequate to cope with the revolt. Adalbert Korfanyi, Polish plebiscite commissioner in Upper Silesia, has been recalled by the Warsaw government.

CANNOT SELL TO NEGROES IN WHITE NEIGHBORHOOD

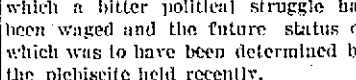

CHICAGO, May 5.—Immediate expulsion from the Chicago real estate board has been voted as a penalty for members who sell to a negro property in a block where there are only white owners. It was announced today. M. L. Smith, president of the board, said plans were under way by a group of financial interests here for extending to the west the quarter on the South-side, where the majority of the negroes now live.

City Briefs

No clue has been obtained to the thief who entered Wheelersburg High school and stole tools in the manual training department.

Myrtle Sullivan, aged 19, died yesterday afternoon in a Charleston hospital the result of a gun shot wound he innocently received last Sunday night while attending church in Clothier, W. Va. A stray bullet from Clint Messer's gun struck him.

Messer shot and killed his wife and then fired a bullet through his own brain. When Messer saw his wife in the little church he opened fire on her and several other persons had a close call from being perhaps fatally wounded.

Sullivan was a nephew of Mrs. T. P. Stone of South Portsmouth. He had often visited her home and was an exemplary young man. He was well known in Portsmouth.

The gang of A. W. O. L.'s rounded up here Tuesday were taken back to Camp Sherman early this morning. Capt. Brine of the provost guard being in charge.

Mr. Duis Is New Member

Because of pressing business, Frank V. Knauss has tendered his resignation as a member of the Board of Trustees of the Scioto County Children's Home, and John Duis of Wheelersburg has been appointed by the county commissioners to the vacancy. It was announced Thursday.

Mr. Knauss, who is now in New York, on special business matters, was an excellent member, having at all times taken an active interest in the affairs of the Home, and the welfare of the little wards of the county and his resignation was accepted with much regret.

Mr. Duis, the new member, will take his place as a member at an official meeting of the board Thursday evening.

"HOME BREW" POURED INTO SEWER

PORTSMOUTH, May 5.—Virtually all members of the police department spent a busy two hours last night turning into the city sewer, fifty-eight cases of bottled "home brew" which was seized by state enforcement and local officers at the rooms of the local Moose lodge last Saturday afternoon. Every bottle of the product was un-

corked and turned into the sewer at the city prison and if the stuff really had a "kick" the amount of which trickled through the "auger hole" into the Ohio should make fishing easy for a few days and increase the popularity of the old swimming hole below town.

WILL INCREASE CAPITAL STOCK

PORTSMOUTH, May 5.—It was reported last night that a meeting of the stockholders of the Delfont Iron Works Company would be called for some time next month, for the purpose of considering the proposition of increasing the capital stock of the company.

The present capital stock is \$625,000 and it was said to be the intention of the company to increase this amount to \$2,000,000, of which \$750,000 was to be in preferred stock and the balance common stock.

DENIES HE MISTREATED LITTLE GIRL

Although Lisle Bowling, 35, single, of Ohio Avenue, who is a prisoner in the New Boston jail, stoutly denies that he mistreated the girl, Alice Dowdy, 12-year-old step-daughter of Frank White, 3709 Stanton Avenue, New Boston, maintain that Dowdy came into the White home Wednesday afternoon and held her against a sewing machine and tried to make her kiss him. Bowling was arrested in a local cafe by New Boston officers Wednesday afternoon on an alleged charge of assault with intent to rape, the charge being preferred by the step-father of the girl.

According to the girl, Bowling came to the front door and asked for a wrench and she told him they were in a tool box on the rear porch. She claims that he stepped into the front room off the porch and grabbed her arm and tried to force her to kiss him. She says that she called for Mrs. Robert McDowell, who was on the sidewalk across the street, and that

when she started to cross the street, Bowling let her go and hurried from the home.

Mrs. McDowell said that Bowling came out on the sidewalk in front of the house and after standing there a second or two, broke and ran west on Stanton and onto West Avenue.

Bowling in the village jail said today that after he asked the girl for a wrench, and she replied that they were locked up in a tool box that he noticed her hand tied up and took hold of it and looked at the member which had been cut. He said he then left and walked down the street and got into a machine and went to Portsmouth, not knowing that he was wanted. He said that he heard the girl call for a neighbor, but did not know what she was calling for.

Bowling has lived in Portsmouth and New Boston for ten years and has not been in any serious trouble before. He will be given a hearing tonight before Mayor Davis.

"THE MORAL VALUE OF PLAY"

Dr. C. E. Chandler of the Episcopal Methodist Episcopal church will give the address of the evening at the Play Leaders' Institute tonight at the High School gymnasium at 7 p. m. (new time). His theme will be "The Moral Value of Play." Play and organized recreation are recognized by moral

leaders as most important factors in developing clean thinking and right living. Dr. Chandler will emphasize these points in his scholarly and convincing manner.

Complaint Dismissed

When the case of Basil Grass, 18 years old, Huntington taxi driver, charged with larceny in connection with the theft of automobile tires found in the possession of him and his companion, Homer Cummings at the time of their arrest by the police in this city on the morning of April 14, came up for hearing in Municipal court Thursday Judge Sprague dismissed the complaint but recommended him to the grand jury under \$500 as a witness against Cummings, who was bound over for grand jury action several days ago.

After hearing Grass' story the court stated he was convinced that the young man was a victim of circumstances and that he had not participated in the stealing of the auto tires which, it developed, were stolen from the Hahnemann and Deaconess companies on West Second street. The bond was furnished for young Grass, and he returned home this afternoon.

Film Is Shown

The special animated film Social Hygiene for Women, shown to a good sized crowd at the Eastland Theatre Thursday morning, will be shown at the Columbia Theatre Friday morning at 9:45 o'clock. All girls over 16 are invited and girls as young as 12 years of age will be admitted when accompanied by their mothers. This film, released by the American Social Hygiene Association of New York, is endorsed by the Red Cross, Women's Clubs and ministers. Mrs. Lillian Burr, working under the direction of the State Health Board, makes a talk at the showing of the picture.

Two Men Seriously Wounded; One Brought To Local Hospital

With a bullet from a .38 calibre revolver lodged in his abdomen, William Marcum, aged 21, was conveyed to Hopstead hospital late Wednesday afternoon after being taken off passenger train No. 15, which arrives here at 3:15 from the East. His condition is regarded as serious as the bullet, which has not been located, perforated several of his intestines.

His cousin, John L. Marcum, aged 25, was shot in the neck and his condition is precarious.

According to William Marcum, he and his cousin were shot by Edgar McCleod, the shooting taking place near Breeden, W. Va., Wednesday morning. The Marcum boys work on a farm near Breeden and McCleod has charge of the N. & W. water tank near that village.

William Marcum claims that when he and his cousin approached McCleod at the water tank yesterday they engaged in what he thought was a friendly conversation. Without warning the Marcum boys allege that McCleod pulled his revolver and began firing at them. William was wounded in the stomach and John received a bullet in the neck, he falling in his tracks. He is married and was later moved to his home near Breeden.

William was placed on N. & W. train No. 15 and brought here. His sister-in-law, Miss Polly Marcum, of Wayne county, West Virginia, happened to be on the train, and when she learned Mr. Marcum had been wounded and was on the same train, she accompanied him to Portsmouth. Mr. Marcum also has a sister here, Mrs. Mary Jane See, 1510 Robinson Avenue.

When asked if he ever had any trouble with McCleod, William Marcum told a Times man that he had not.

"John and I were talking to him in a pleasant way when he pulled his gun and shot us. That's all I know about it. We held no grudge and I do not think McCleod held any against us as we had been friends for some time."

ECKHART'S CLAIMS PUT UP TO PRESIDENT

The Cincinnati Enquirer Thursday carried the following news of local interest from Washington:

In the interests of John F. Eckhart, of Portsmouth, an applicant, with Stanley J. Borthwick, of Columbus, for the United States Marshalship, to succeed Michael Devanney of Cincinnati. Representative Charles O. Kearns of Baltimore, today called upon President Harding.

COUNCILMEN ARE AROUSED FROM SLUMBERS

The various City Councilmen who voted for the daylight saving measure are being called out of their beds about every morning by some woman who urges them to get up and about on the job since they favored daylight savings.

The woman who does the calling is one who has to arise about three o'clock in order to get breakfast for men who have to get to work early. She makes the call about 3 and 4 o'clock in the morning and she says one councilman after being called several times, said that he would have her arrested if he found out who she was. Another she said remarked that he did not care about being disturbed but said that he did not want his family awakened so early in the morning by the ringing of the telephone bell.

Credit Men Meet

Twenty members of the Portsmouth Credit Men's Association were present Thursday noon at a luncheon and meeting held at the Mary Louise lunch room.

Arguments Against Wage Reduction On Railroads Made By Jewell, F. L. Leader

CHICAGO, May 5.—Arguments against the wage reduction proposals submitted to the railroad labor board by railway executives were snuffed up today by B. M. Jewell, president of the railway employees' division of the American Federation of Labor. He declared that for the board to order a wage reduction now would only bring the dispute over new national working agreements back before the board for determination "in a controversy of redoubled bitterness, and we would have a condition of utter chaos in the transportation industry."

Negotiations now in progress on new working agreements to take the place of those recently set aside by the board "could never result in an agreement before the day of judgment," Mr. Jewell declared, if new wage schedules are established now and attempts are made to negotiate the new agreements on the basis of a reduced wage.

"We submit," Mr. Jewell said, "that the board can not make an intelligent and fair decision as to wage rates except it reaffirms the prevailing rates, until the new agreements have been fixed and promulgated."

"The reason for this is obvious. Neither carriers nor employees can know what wage schedules mean or amount to until they know the rules by which those schedules are to be applied. We must have our yard stick before we can measure our cloth. Manifestly rail workers can not be expected or asked to accept a wage schedule when they have no means of knowing exactly how much they are to receive under that schedule. It is equally manifest, also, that to establish a new wage schedule before the new agreements are negotiated would preclude the possibility of our reaching any agreement through those negotiations."

"If the railroad managements are not utterly blind to their own selfish interests they will join me in requesting the board to withhold its decision in the matter until we have the new agreements. The delay will be no longer than the carriers themselves make it. From the day the roads were returned to private management, we have endeavored to secure a speedy determination of the question of agreements and the carriers rejected every overture we made. The responsibility for the delay lies solely with the carriers."

"For this board to make a decision in this case, unless that decision be to reaffirm existing schedules, before working out new agreements, would be to provoke the employees anew and to perpetuate strife and misunderstanding."

"We have shown there is no economic justification for a reduction in the wages of railroad workers. We have shown that there have been no wage reductions in the basic industries that are comparable to the transportation industry and have demonstrated that the changes in the cost of living have not been sufficient to warrant a change in the schedules fixed by the board in July, 1920."

"The railroads, on the other hand, have proved only that they are in financial straits. Thanks to the methods of C. E. financial buccaners who have always controlled them, they were hard up when the government took them over during the war. They were hard up when they were returned to their former management and they are hard up today, despite the fact that they have received more than a billion and a half dollars from the treasury of an over generous people and they have been given rate increases sufficient to cover everything except their own prodigality. And they will be hard up until they are made the servants of the public instead of the playthings of Wall street."

Throughout these proceedings, the carriers have made but one real plan—their financial inability to pay. The ability or inability of the carriers to pay the present wage rates has no bearing on this case, and can have no consideration in its determination, but railroad management has made so much of this phase of the transportation problem and the public has been permitted to hear so little else that we can not ignore the issue."

Splendid Advance Sale For Heider-Black Entertainment

Mr. W. P. Albrecht, City Editor Times, My Dear Sir: Since this morning, when I had the pleasure of meeting you at the Times office, I have had ample opportunity to realize why Fred Heider is such a great booster for your city of Portsmouth. Although I have been in nearly every city in this country and in Europe, I want to say that in none of them have I been made to feel as much at home and as welcome as here. Many of the artists with whom I have always had a dread of appearing in any but the largest cities because as they express it, they "will not be understood." But, I am sure, if they would give concerts in cities the same size as Portsmouth, they would find that the people enjoy music more, because they have not been overfed. Insofar as Mr. Heider's entertainment is concerned Friday night, I want to assure you that I have been associated with him for about eight years, and he has never done anything offensive. Thanking you for your kind interest in regard to the concert, I beg to remain, Very truly yours, FRANK J. BLACK.

The advance sale of seats for the entertainment in the fifth school auditorium tomorrow night opened in a lively fashion at the Chamber of Commerce offices today and indications are that a large and responsive audience will greet Mr. Heider and Mr. Black. The concert will start at 8:30 new time.

W. O. W. Delegates Return

"We had a wonderful time," is the report of the local Woodmen of the World delegates who returned late Wednesday night from Cleveland, where they attended the ninth meeting of the state organization. Columbus will be the site of the next meeting to be held in 1923. L. J. Janetzky, Arthur Boren, Roy McElhenny, George Ditty and Jacob Kahl were the Portsmouth delegates, while L. J. Pollard and L. E. Nourse represented the New Boston Camp. Mr. Janetzky won out in the race for State Advisor. He had four opponents, two from Cleveland, one from Columbus and one from Lancaster. He succeeds C. J. Russell of Toledo. Mr. McElhenny, who is one of the best known Woodmen in this part of the state, was elected alternate to the Sovereign Camp at Omaha. There are only five delegates and alternates from Ohio and they will meet in Omaha in July to form the national laws of the order. Mr. Janetzky and Mr. Ditty left Thursday for Cincinnati on lodge business. Mr. McElhenny left this morning for Huntington to look after his work in that section.

Eagles Meet Tonight

The regular meeting of the Eagles will be held in their own hall tonight, when there will be initiation and election of officers. At this session a committee will be appointed probably to

arrange all plans for a big meeting, when the mortgage on the building will be burned.

Legion Seizes Hall

The National Protective Legion has secured the Macabee hall, Sixth and Chillicothe streets, for a meeting place, the hall to be used by this organization on the second and fourth Wednesday nights of each month. The Legion was reorganized last month, but had not been able to hold a meeting on account of the failure to secure a hall. It was important that a meeting be held so candidates could be obligated before the big banquet to be held at the Washington Hotel May 16, and a meeting was held at the home of Mrs. Rosa Ward, 617 1-2 Chillicothe street, Tuesday night, when several candidates were obligated and eight applications acted upon. Next Tuesday night another meeting will be held at the home of Mrs. Ward, this session to be followed by a picnic lunch. Deputy Ella Chitcoat has made all arrangements for the big banquet, which will be one of the biggest affairs of its kind ever held by the organization here.

K. of C. Class

The first degree will be conferred on a class of sixty candidates by the Knights of Columbus at their meeting to be held in the Holy Redeemer school auditorium tonight. There will be candidates from Ironton and Chillicothe in the large class. Sunday afternoon at a special meeting the same class will receive the second and third degrees with the Ironton degree team putting on the second work.

Royal Neighbors Meet Tonight

Held Dance Last Night

Fifty couple were in attendance at the C. O. F. Boosters' Club dance held last night in Ben Hur hall with J. J. Russell's orchestra furnishing the music. Honors at progressive euchre were won by Miss Emma Higler of Columbus and William Frische.

Pythian Sisters to Meet

The weekly session of Ellipse Lodge Pythian Sisters will be held tonight in Castle hall, Fourth and Washington streets.

Juniors Initiate One

One candidate, Earl Lantz, was initiated at the weekly meeting of the Portsmouth Council, Jr. O. U. A. M. Wednesday night. One petition for membership was acted upon. Two candidates will be initiated next week. Sunday afternoon, at two o'clock, at the home of Henry Ribble, 1112 Clay street, a joint meeting of a Junior and U. A. R. Committees will be held to discuss plans for the G. A. R. reception to be held May 28. The program committee is urged to attend this meeting.

Vets Meet On Friday

An important meeting of the Spanish War Veterans will be held in the public library basement Friday night when there will be a discussion as to the bringing of the 1922 state encampment here.

COURT HOUSE

Appellate Court Adjourns

Court of Appeals finished up its work here Thursday morning so far as the hearing of cases was concerned but the court will not go to Adams county until next week to hold the regular May term and instead Judges Sayre, Middleton and Mauck will remain over here until Friday in consultation on cases submitted from other counties.

The suit of the Nicola Building company against the City of Portsmouth and the case of the New York Architectural Terr. Co. Company against James Pfeiffer and others were submitted to the court yesterday afternoon and Thursday morning the court heard arguments in support and against the defendant in the error case of Pauline Adams, aged woman now living at Navvoo, under sentence to the penitentiary on a charge of manslaughter for killing her neighbor William Bond during an altercation on Fourteenth street last October.

Judge Blair made an effort to have the case go over until the fall term for hearing on account of the poor physical condition of the convicted woman, declaring that justice would not be subserved by sending her to prison at this time and that by reason of her mental condition to put her in prison would be no punishment and only add to the burden of the state.

Prosecutor Sheppard insisted on a hearing and he was supported by the court.

In support of his error petition Judge Blair contended that the verdict was against the weight of the evidence and insisted there were numerous errors prejudicial to his client made during the progress of the trial which he pointed to as apparent on the face of the record in the case.

Suit For Divorce Dismissed

The suit for divorce recently instituted in common pleas court by William Monroe, a minor, by his next friend, Gilbert S. Monroe, against Ruth Monroe, Huntington, W. Va., has been dismissed on the application of the plaintiff, according to an entry filed in the office of the clerk of courts Thursday.

The defendant in the case a few days ago brought a suit in the local court against her father-in-law, Gilbert S. Monroe, who is a prominent contractor seeking \$10,000 damages for alleged alienation of the affections of her husband.

Arthur's Buys Auto

The six cylinder Chalmers automobile taken as the property of Charles White on an execution issued from Common Pleas court on a judgment awarded in favor of R. S. Fricland has been sold at sheriff's sale to Emil Arthur on his bid of \$350.

Farm Sold by Sheriff

Pursuant to an order of sale issued from Common Pleas court in the suit in partition of Jennie McClave against Cora Strather and others, Sheriff Riskey has sold to John W. Hoskins and Halciah L. May the premises involved consisting of a farm of 128 acres situated in the new French Grant, Porter township, on their bid of \$12,025. The property appraised at \$15,000.

Court Calendar Next Week

The case of the state against Millard Evans, West End (commoner), charged with shooting with intent to kill, which was set for trial last week but was continued on account of the

absence of the prosecuting witness, Hugh Callahan, has been reassigned for hearing on Thursday, May 12, before Judge Thomas and a jury in Common Pleas court.

The jury will be required to report for service next Monday at one o'clock when the patently suit of Ethel May Hatfield against Itoy Higgs is scheduled to go to trial. Both parties live in Nile township, near Baena Vista, and the complainant is represented by Attorney T. C. Dent, and Attorneys B. F. Kimble and W. L. Hostetter will appear for the defendant.

Other cases on the calendar for the week are: Cora E. Harrison against The Portsmouth Street Railway and Light company, damages, Tuesday, May 10, 9 a. m.

Thomas Nichols against W. B. Ewing, damages, Wednesday, May 11, 9 a. m.

State vs. Millard Evans on Thursday, and on Friday the state against Albert Fremont, larceny.

Answer Is General Denial

The answer of H. L. Knost, former grocer at 1426 Ninth street, filed Thursday to the suit pending in common pleas court of Hieatt S. Dones, receiver for The Columbus Wholesale Grocers Company, amounts to a general denial of the claim made by the plaintiff in his petition.

Through Attorneys B. F. Kimble the defendant in his answer says that on June 1, 1920, he bought three shares of the capital stock of the grocers company for \$100, each under an express agreement that when he should cease to conduct his business of a retail grocer, that upon surrendering his stock certificates he would be entitled to a return of his \$300 or a credit of the amount on his account at his option. The defendant claims that upon discontinuing his business, he indorsed the certificates over to the company and elected to receive \$300 as a credit on his account and which he alleges was accepted by the company.

Renews Her Suit for Divorce

A supplemental petition was filed Thursday by the plaintiff in the divorce and alimony suit of Margaret Deskins against Rennie S. Deskins, 120 Scotia street, in which she declares that after filing her original action at the request of the defendant and for the sake of their child she undertook to live with him again and then she complains that on going back he mistreated her, stated he would not work for her and refused to support her and their child and by reason of such conduct says she was forced to leave him. She seeks a divorce and alimony with custody of their child. She sued through Attorney George W. Sheppard.

Bates Taken To Mansfield

Thomas Bates, 25 years old, who was recently sentenced to the intermediate penitentiary on his plea of guilty to participating with Edgar Greenslate and Charles Shaw in the theft of automobile tires in this city last November was transported from the county jail to the Mansfield prison Thursday by Sheriff Riskey.

Marriages on Decrease

There was a marked decrease in the number of marriages in Scioto county during the first four months of 1921 when 220 licenses were issued as compared with 260 brides led to the altar during the same period last year. In the month of April 1920 50 couples were joined at the license desk at the Court House while he performed the same service to only 65 for the same month this year.

Officials at the court house attribute the falling off in the marriage license business to the industrial depression prevailing throughout the country.

ROYAL CLYDE AGNE HERE AGAIN SUNDAY

Portsmouth people, like any other folks who live in a free and growing city, enjoy hearing about big things at first hand. It is therefore a real privilege they will have on Sunday evening, at the First Presbyterian Church, when Royal Clyde Agne speaks of the marvelous changes that are taking place in the Holy Land, as a result of the War, for he speaks as an authority.

For three years Mr. Agne taught in the Presbyterian College at Beirut, Syria, from there visiting the Holy Land, and journeying on in Arabia as far as Mecca as the followers of Mahomet ever permit "unbelievers" to penetrate. Aramiah and the horrors she has experienced from the Turk, he has seen with his own eyes.

Mr. Agne was in Russia in 1914, when the war-cloids hung over Europe, being in the "Winter Palace" in Petrograd when the Czar's reply to Kaiser Wilhelm's declaration of war was read. From here, against the advice of the American consul, and at

Vanderrort presided and all members were present, including Edward Burton, the new member from the Fourth ward, who was elected to fill the unexpired term of B. F. Bennett, resigned.

The street car fare increase ordinance drafted by a special committee composed of Attorneys A. H. Bannan, A. Z. Blair and Harry Ball, was put to the discard when it came up for final passage on its third reading, the measure being killed by a vote of six to four. Member Burton casting the lone vote for it. The vote on the legislation was taken without comment, but it was apparent that Council has washed its hands of the much debated problem, at least, until the State Public Utilities Commission has finally disposed of the company's application to abandon its franchise, which is expected to come to a hearing the latter part of the month.

Edward Westphal was chosen chairman of the important street committee in the re-arrangement of committee assignments made necessary by the resignation of Mr. Bennett, who was the chairman, and Al Wighorst was named as the third member of that committee and the above named two, with Member Burton, comprise the committee. Member Burton was elected to the chairmanship of the committee on railroads, telegraph and telephones and a member of the finance, hospital and police, fire and market committees.

It is quite likely council will change the hour of starting its meetings during the summer months, a majority of the members expressing a desire to meet a half hour earlier, when the matter came up for discussion following adjournment, and which resulted in an agreement to meet at seven o'clock, instead of seven-thirty. A resolution will likely be adopted at the next meeting fixing the time.

To Clean Sewers

The sum of \$1000 was voted to pay the cost of cleaning the Mober Road sewer and resolutions were adopted declaring it necessary to proceed with the paving of Union street and Bertha avenue and also an alley between Seventh and Eighth streets, Lincoln to Lawson's Run.

City Losing Liquor Revenue

Member Westphal stated that his attention had been called to the fact that the city was losing considerable revenue through lack of proper legislation covering prosecutions in liquor cases and on his motion the matter was referred to the ordinance committee for an amendment in order that the city may get the revenue derived from liquor prosecutions in Municipal court.

May Repair Truck

After some discussion on the question of the advisability of sending the fire truck which was damaged and put out of commission in January, 1920, to Columbus to be dismantled with a view of securing an estimate of the cost of making repairs it was decided that it would be best policy to send the machine and the debate resulted in the Safety Director being instructed to make an effort to induce a representative of the Seagrave company to come here and make the estimate.

Want Market Moved

A petition signed by W. A. Pepper and 112 other business men was presented to the council asking that a new site for a market be obtained as the present one on Gallia street is a fire menace because of the congested district. The petition asked that consent of citizens be obtained for the location of the new site if it was decided to change the location. The matter was referred to the market committee.

Ask Parking Charge

Attorney Edgar Millar, representing property owners living on the south side of Fourth below Chillicothe, presented a resolution asking that the traffic ordinance be amended so that parking of automobiles be transferred across to the north side of the street near the Masonic Temple as the present parking in front of their residences blocked entrance to their homes and the noise of the machines throughout the night prevented them from getting any rest. The matter was referred to the ordinance and street committees. Attorney Millar gave notice that if council did not take some action that a suit would be filed asking for an injunction to remove what the attorney says is causing citizens great inconvenience.

Vacations for Employees

A resolution was passed authorizing the Director of Public Safety to grant 15 days vacation to employees of the fire and police departments and 20 days to the student nurses of the hospital with pay.

Cleveland, who specializes in such work, made a brief statement. "Councilman Osborn called attention to the fact that a resolution was passed at a recent meeting referring the matter to the Service Director. The resolution was read and the matter went over until the director was ready to submit a list of engineers to the council."

To Employ Graduate Nurse

Safety Director Strads then made a report on hospital conditions and recommended the employment of another graduate nurse. The communication follows: "For several years past it has been the aim of all those connected with Hempstead Hospital to bring it up to a standard so as to have the hospital registered under the regulations specified by the State Department of Health and the American College of Surgeons. By doing this we will increase the efficiency of the hospital and in all probability its receipts. In order to keep same registered the requirements are that a large number of medical cases must be treated at Hempstead each year and under existing conditions we only treat a few. The nurses now there and the new ones that would enter training will receive a certificate as graduate nurses, enabling them to enter any hospital. It would be an inducement for other nurses to enter training and we in turn would be able to take better care of patients. I therefore would recommend that Council take action allowing us to employ a graduate nurse at \$50.00 per month. By allowing same we can fill all positions required in order to register the hospital."

At the conclusion of the reading

Councilman Runyon offered a motion which received several seconds, that the City Solicitor bring in the necessary legislation for the employment of an additional graduate nurse at \$90 per month. The motion received unanimous approval.

The ordinance crediting two additional wards in the city according to the new census, will not become effective until Friday, so Council was unable to elect two councilmen for the new wards, a and b. This action will

be taken at the next meeting of the council, May 18. An ordinance was introduced appropriating money to the amount of \$1000 to the Board of Health for expenses incurred in combating smallpox.

At the conclusion of the reading, Councilman Runyon offered a motion which received several seconds, that the City Solicitor bring in the necessary legislation for the employment of an additional graduate nurse at \$90 per month. The motion received unanimous approval.

by the Harding administration. Inquiry was made to determine whether the president had arrived at such a conclusion. It will be recalled that in his message the president said it was wiser to accept the existing treaty with modifications "assuming of course, that this can be satisfactorily accomplished by such explicit reservations as will secure our absolute freedom from inadvisable commitments and safeguard all our future interests."

Hughes Trying to Patch Up Treaty

From Senator Lodge's speech it was inferred a conclusion had been reached and that a new treaty with Germany would have to be negotiated. But a direct answer to the inquiry brings officially from the Harding administration the response that it knows of no such conclusion. This means that Charles Evans Hughes, legal surgeon, has not yet reported as hopeless the task of carving out of the body of the

Versailles treaty such parts as are objectionable to the United States. Quite a flurry was caused among observing diplomats when the speech of Senator Lodge was read by them in the Congressional Record. They wondered if the Harding administration had reversed itself. Now it appears that Senator Lodge was merely expressing a personal opinion that the job of legal surgery couldn't be done. He said he tried it and that it required seventy-two amendments. Inasmuch as the treaty contains over four hundred sections, foreign governments, it is asserted, would not consider seventy-two amendments out of proportion.

Wants U. S. Signature

What the European allies want is America's signature to the Versailles treaty no matter how many reservations are made. They are apprehensive of course, that settled questions may possibly be re-opened by such a

course but they prefer it to the negotiation of a separate treaty between the United States and Germany. The latter move, they believe, would forever be looked upon by Germany as a wedge between the United States and her associates in the war and would be a source of continuous embarrassment in the best of times, especially since the allies believe their troubles with Germany will not vanish with the settlement of the reparations controversy.

Harding Wants Congress to Let Him Alone

President Harding is just as anxious incidentally to make a move for disarmament as anybody in the Senate. He is as eager to recall the troops from the Rhine as is the average American. He wants to see the reparations controversy settled and peace made with Germany. But the constitution of the United States purposely entrusted such questions to the executive because he is dealing every day with foreign governments and there is a time and occasion for these things which cannot be determined by any one of 435 legislators who are not in close touch with happenings in official and unofficial channels. The chief executive has in effect petitioned Congress to let him alone while he steers the ship of state through dangerous shoals. Members of Congress are hooping in their conference at the White House that Mr. Harding meant what he said in his last message when he declared that "in correcting the failure of the executive in negotiating the most important treaty in the history of the nation, to recognize the constitutional powers of the Senate, we should go to the other extreme, equally objectionable. If Congress or the Senate should assume the function of the executive."

sliding fund shall be used for redemptions of the bonds by annual drawings at par.

The bonds will be German government bearer bonds, in such form and such denomination as the reparations commission shall prescribe for the purpose of making them marketable, and shall be free from German taxes and charges of every description, present and future.

Until redemption of the bonds, Germany will be required to pay yearly 2,000,000,000 gold marks (\$500,000,000), and twenty-six per cent of the value of her exports as from May 1, or, alternately, an equivalent amount as fixed in accordance with any other index proposed by Germany and accepted by the reparations commission.

Important Problems
Confronting Labor Before
The Executive Council

CINCINNATI, O., May 5.—The important problems confronting the organized labor movement in the United States were being discussed here today by the executive council of the American Federation of Labor, which opened a ten days' conference.

While the federation's council under the direction of President Samuel Gompers was taking up matters pertaining to the general situation, the executive council of the building trades department of the federation was in session considering the building trades labor situation.

Among the first of the major issues to be taken up by the federation council was plans for continuing a nation-wide drive against the "open shop" and the "American plan." Plans for a campaign to put the federation's membership over the 5,000,000 mark was also scheduled for discussion.

The council will also receive a report from President Gompers on legislation affecting organized labor. This report, which is of considerable length will deal with past legislation and that now pending in congress.

Plans for a nation-wide anti-injunction fight is also to be considered by this council. This matter will be brought up in an appeal from the central trades and labor council of New York, which asks the executive council to aid its campaign already under way in New York state.

Repeal of the Kansas industrial court law and compulsory arbitration legislation in other states, it is expected, will also be urged by the council.

While the council will discuss the entire labor situation, including the marine strike, the printers' strike, clothing workers' strike and the building trades walk-outs, no action will be taken unless the interested unions appear for the federation's support.

Besides a large amount of routine matters and jurisdictional disputes the council will also consider:

The unemployment problem.

Questions pertaining to the settlement of the railroad situation and the fight of the worker for national boards of adjustment.

Retail prices and wage reductions and the attitude of the Harding administration toward the scene.

While meeting here the members of the executive council will address a number of labor mass meetings in southwestern Ohio towns including Hamilton, Dayton and Middletown. President Gompers will address a mass meeting here on Monday night, at which time he will reply to the open shop advocates of the country.

The council of the building trades department is receiving reports from all parts of the United States where building strikes are in effect, and officials of the council are proud that they were well satisfied with the

the barns early today, but when it was announced the company had made no new offer and insisted upon adoption of a new wage scale providing for a reduction of 15 cents an hour, they returned to their homes. A number of men were assigned to picket duty at the car barns. Mayor Witter said today the strikers had assured him there would be no disorder. The mayor said he would try to arrange a conference between company officials and the union in an effort to have the wage differences adjusted by arbitration.

Akron Prepares For Strike

AKRON, O., May 5.—Five hundred platform men of the Northern Ohio Traction Company, Akron and suburban lines, struck early this morning after completion of their night runs, making the tie-up of the traction company properties in this district complete.

Local workers were the last to take a strike vote, because of a contract held by the traction officials calling for arbitration in case of wage differences. Akron workers refused to arbitrate, joining Canton, Massillon and interurban platform men in their walk-out.

Akron's alarm clock was set for the strike and early today long lines of pedestrians started moving toward the industrial centers. Transportation has been motorized as far as possible with thousands of touring cars and trucks aiding in the movement of workers.

A. C. Blinn, general manager of the Northern Ohio Traction Company, declared the Akron strike is unauthorized and has asked police protection should the company's officials decide on efforts to resume service before a

Sure Way To Get
Rid Of Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

April Fool's Day.

April Fool's day has long been known as the time to play jokes on one's neighbor. Just how long the custom has prevailed is not known. Some say that it started back in the beginning of time when Noah sent the dove out of the ark before the flood had abated. The date of this is supposed to correspond with our first day of April. And, inasmuch as the bird went out upon an ineffectual mission, the custom gradually grew of sending one's friends on bootless errands.

"TIZ" FOR TIRED AND SORE FEET

Use "Tiz" for Puffed-Up, Burning, Aching, Calloused Feet and Corns.

Why go limping around with aching, puffed-up feet—feet so tired, chafed, sore and swollen you can hardly get your shoes on or off? Why don't you get a box of "Tiz" from the drug store now and soothe your tortured feet? "Tiz" makes your feet glow with comfort; takes down swellings and draws the soreness and misery right out of feet that chafe, smart and burn. "Tiz" instantly stops pain in corns, callouses and bunions. "Tiz" is glorious for tired, aching, sore feet. No more shoe tightness—no more foot torture.—adv.

Moonlight Excursion

Capt. W. T. Cogrove, business manager of the handsome excursion steamer East St. Louis, was in the city yesterday making arrangements for the moonlight excursion given under the auspices of the Portsmouth Lodge B. P. O. Elks on Monday night, May 9th. The boat will leave the landing here at 8:00 p. m., new time.

The East St. Louis has just been overhauled at Mount City, Ill., and is better equipped than ever for dancing and excursion parties. All the state-rooms on the third deck have been removed to the roof. This change was made in order to create the royal and magnificent palm garden on the third deck, something new, novel and very attractive.

On the second deck is located the ball room deluxe. It is one of the largest and finest unobstructed ball rooms on western waters and many colored lights have been added, thus giving it the name of the rainbow dancing palace.

THE MARKETS

NEW YORK STOCKS

NEW YORK, May 5.—Bullish covering of short contracts, based in large part on the lower discount rate announced by the local federal reserve bank, after the close of yesterday's market influenced further strength and activity in stocks at the outset of today's dealings. Oils, Steels, Shipbuilding and investment rails featured the more substantial gains, notably Mexican Petroleum, Houston Oil, Shell Trading, Bethlehem and Crucible Steels, American International and Canadian Pacific. Tobacco, leather and sundry specialties also participated in the broad buying movement.

There was virtually no interruption to the general advance of prices during the morning. Transactions to noon were on a scale of vastly more than one million shares for the full session. Rails were the dominant issues, especially the cheaper or speculative stocks, in which many gains of 1 to 2 points were registered. Oils, motion picture and shipping contributed their proportion to the larger dealings at gains of 1 to almost 5 points. United States Steel was steadily accumulated, rising to above 88, the highest quotation for the year to date. Call money opened at 6 1/2 percent, but foreign exchange rates were unaltered from yesterday's final prices.

Today's broad and active stock market in which extreme gains extended from 1 to 5 points was perceptible influenced by better industrial and monetary prospects. Sales approximated 1,200,000 shares.

changed figures to 1 1/2c lower, with May 1 1/2 to 1 3/4 and July 1 1/2 to 1 3/4, were followed by a rise all around to well above yesterday's finish. Corn sympathized with the action of wheat. After opening 1/2c to 1 1/2c off, including July 60 1/2 to 61, the market sagged a little more, and then began to harden.

The close was strong, 5 1/4 to 6 1/2 net higher, with May 1 1/4 to 1 1/2, and July 1 1/4 to 1 1/2.

Oats were governed by the course of other cereals, starting unchanged to 1/2c lower, with July 57 to 57 1/2, and declining further, but then scoring gains.

Weakness in hog values had a depressing effect on provisions. The close was unsettled, 3/4c to 1 1/2c net higher, with July 62 1/2 to 62 3/4.

OBITUARY

Baby Hoover

A baby daughter born to Mr. and Mrs. Charles Hoover of 905 Gay street died shortly after birth Thursday morning.

Mr. and Mrs. Hoover have the sympathy of their many friends in the loss of their baby.

Burial was made in Greenlawn at three o'clock Thursday afternoon.

Miss Addie Kemp

Miss Addie Kemp, one of the pioneer residents of Ironton, died Tuesday at a sanitarium in Lexington, Ky., where she had been undergoing treatment for the past seven weeks, news of her death coming to local friends yesterday.

Miss Kemp was born in this city, December 18, 1862, and with the exception of the brief time spent in Columbus and Ashland, had spent her entire life in Ironton.

Miss Kemp is survived by two sisters and a brother, Mrs. Addie Kemp of Columbus, O., and Mrs. Katie Baker of Ashland, Ky., and Samuel Kemp of California—Irontonian.

Mrs. Miranda Harris

Mrs. Miranda Harris passed away at her home, 310 South Fourth street, at 10:45 o'clock Wednesday night after an illness of four months, her death resulting from apoplexy.

Mrs. Harris was born in Carter County, Ky. December 13, 1845, and had been a resident of Ironton for many years. Her husband preceded her in death some ten years ago, but she is survived and mourned by three sons and two daughters, and numerous relatives and friends in this city and adjacent territory. The sons are: A. H. Harris, Soldier, Ky., Morgan Harris, Temple, Tex., and Charles Harris, Greenup, Ky. The daughters are: Misses Miranda and Cora Harris, who live at home.

The remains will be sent to Pleasant Valley, near Olive Hill, Ky., under the direction of Ringmann & Jones, and interred beside those of her husband.

THE MOVIES

B. A. ROLFE PRESENTS "MADONNAS AND MEN"

The Christian Martyr fed to the lions. The innocent girl held in the power of a revengeful man. In both cases the sacrifice was similar. The combined story will hold you spellbound. Don't let anything prevent your seeing this sensational and spectacular photodrama.

PRODUCED BY JANS PICTURES INCORPORATED.

TONIGHT IS POSITIVELY YOUR LAST CHANCE TO SEE THE MOST STUPENDOUS PICTURE OF THE YEAR. "MADONNAS AND MEN" AT THE EASTLAND THEATRE — A PICTURE THAT HOLDS YOU SPELLBOUND FROM BEGINNING TO END—DON'T MISS IT TONIGHT SPECIAL MUSICAL SETTINGS BY THE EASTLAND ORCHESTRA.

PROGRAM
A—Overture—"Hear Me Norma" from the Opera, "Norma"—Eastland Orchestra.
B—The Ford Educational Weekly.
C—A new Christie Comedy, "Mind Your Business."
D—Masterpieces presents "Madonnas and Men" with an all star cast.

"Madonnas and Men," an absorbingly entertaining, elaborately produced photodrama, is being presented at the Eastland theatre this week. It is the

sort of motion picture that adds very greatly to the prestige of the industry, a cinema drama that deserves the hearty reception that was tendered it at the initial showing in this city as well as wherever it has been presented to date.

The producers of "Madonnas and Men" took it upon themselves to tell, and settings that must have cost a handsome fortune, a thrillingly dramatic story of ancient Rome and modern New York. So well have they

done their work that there is not a moment when the spectator is not sitting on the edge of his seat breathlessly awaiting the unfolding of the sensational and melodramatic episodes of the big drama.

The Roman part of the story is given at the beginning and at the finish. Between these two parts there is the modern story of life in New York's White Light District which serves as the background for as highly interesting story as has ever reached the

screen. Among the hundreds of really big scenes pictured might be mentioned the Roman Amphitheatre and Coliseum, the famous "Midnight Revels," the Broadway cabaret at the very height of the night's fun and the dressing room set that one of the most astounding scenes of "Madonnas and Men" takes place, but to mention all of the great scenes would take a full page of this paper and anyway words cannot properly describe them. They must be seen to be fully appreciated.

Conway Tearle, The Popular Leading Man Comes to The Eastland Theatre For Two Nights, starring tomorrow with Matinee Saturday in His First Big Starring Production "Marooned Hearts"—A Great Drama of Love and Emotions.

PROGRAM
A—Overture, Eastland Orchestra.
B—Pathe Presents the Eastland Review in Collections.
C—"Harlem Scram." A new Century Comedy.
D—Schubert presents Conway Tearle in "Marooned Hearts."
A new star makes his stellar debut in "Marooned Hearts," the new National Picture which opens a two day engagement at the Eastland Theatre tomorrow. Although Conway Tearle has long been considered an attraction by the ardent screen patron, it has remained for Lewis J. Selznick to realize the public mind as to this clever actor's capabilities and to award the honors and advantages due him. Mr. Tearle appears in a most sympathetic role, that of Paul Carrington

a young doctor, whose entire career, it appears, is to be sacrificed to satisfy a capricious woman's whims. Mr. Tearle does not make his Paul Carrington a moon-struck and over-idealized swain, but portrays him as a strong man who has been easily hurt and who in an effort to forget, takes the best and noblest course—namely, by plunging himself into hard work that will be of lasting benefit to humanity.

"The woman in the case" is ably depicted by Zena Keefe, and to this capable young actress must go honors almost equal to the stars. While the action of the story calls for the two to meet again on a South Sea island, this situation is developed and handled in a manner so refreshingly new as to make it most interesting.

Everybody has heard of the beauty of the Mack Sennett Girl. She has become an institution in the land—an abstraction meaning beauty of the face, symmetry of form and grace of person.

Well, they'll all be in the next Mack Sennett production, "A Small Town Idol," released by Associated Producers and booked for presentation in the Eastland Theatre for a brief engagement, opening Monday night.

All the Mack Sennett "dolls" will be there—and then some! In one scene alone 500 beautiful girls participate, headed by Marie Prevost who with another Sennett beauty, Phyllis Haver, shares the feminine stellar honors of the production.

And Ben Turpin will be there also. He'll be the little role—a small town idol.

Ben Turpin, the Luckless Hero, in Comedy-Drama, With Phyllis Haver and Marie Prevost at Eastland Theatre

Everybody has heard of the beauty of the Mack Sennett Girl. She has become an institution in the land—an abstraction meaning beauty of the face, symmetry of form and grace of person.

Well, they'll all be in the next Mack Sennett production, "A Small Town Idol," released by Associated Producers and booked for presentation in the Eastland Theatre for a brief engagement, opening Monday night.

All the Mack Sennett "dolls" will be there—and then some! In one scene alone 500 beautiful girls participate, headed by Marie Prevost who with another Sennett beauty, Phyllis Haver, shares the feminine stellar honors of the production.

And Ben Turpin will be there also. He'll be the little role—a small town idol.

Poor Ben Turpin! All the woe that have ever been allotted him in a Sennett plot will seem like items in a perfect day compared with the calamity that follows him as hero of "A Small Town Idol."

THE STORY
Passionately and madly in love with the village belle, Phyllis Haver, Ben's troubles begin at the close of the very first episode, which shows a crowd at a race-track with Ben the jockey hero riding at brief notice to a victory.

It will be seen that "A Small Town Idol" is plentifully provided with old purpose and, indeed, has enough material for a dozen two-reel comedies, all of which has been boiled down to the essence of comedy and compressed into six compact, rapidly moving reels of almost uninterrupted mirth.

At the Exhibit Tonight, Last Time, David Butler in "Girls Don't Gamble," a Spontaneous Comedy Drama in Five Parts from the Saturday Evening Post Story by George Weston. The Story of a Young Farmer Who Has An Ambition to Become a Mechanic. A Photodrama of Everyday Life. Also a Special Attraction, Hoot Gibson in "Crossed Clues."

"Girls Don't Gamble," is one of the neatest and pleasantest comedies now on the market. It is more satisfactory entertainment than many of the big specials that are making such a loud noise.

David Butler deserves credit for being such a modest star that he actually closes a good story for his first vehicle. His father, Fred Butler, also should be praised for flying in the face of precedents and telling a natural story in a natural way.

"Girls Don't Gamble" is an altogether satisfying and humorous photoplay starring in its treatment and novel in its theme. "Girls Don't Gamble" was adapted for the screen from the story by George Weston under the title of "Girls Don't Gamble Any More" which ran in the Saturday Evening Post.

David Butler is particularly good as Jimmie Fisher, the hero truck driver.

There is plenty of action throughout the picture and a love theme which is both humorous and serious.

Ingrown Nail Will Turn Out

A noted authority says that a few drops of "Ointment" upon the skin surrounding the ingrowing nail reduces inflammation and pain and so tends to the tender, sensitive skin underneath the toe nail, that it cannot penetrate the flesh, and the nail turns naturally outward almost over itself. "Ointment" is a harmless, antiseptic, manufactured for chemists. However, anyone can buy from the drug store a tiny bottle containing directions—adv.

Engineers Plan For Reorganization

Plans for the reorganization of the Local No. 77, N. A. Stationary Engineers were made last night at an enthusiastic meeting held in Macabee hall with several out-of-town speakers present. The Local has been inactive for sometime and it is planned to restore it to its former strength. Robert Patterson, of Akron, State Deputy, was the chief speaker. He stressed the importance of education in all lines of work and how education of engineers and firemen had resulted in a strong organization. John Kerley, past president of the National Association made a few remarks in which he related the experience of a number of men who had advanced to a high position by the education received in the organization. Lester Taken Back To St. Louis

Edward Lester, confessed bandit and burglar with a long string of aliases, who was captured by the local police a week ago, was returned to St. Louis Thursday by Detective Ryan of the Mound City police department, who came after the fugitive.

According to the St. Louis officer

Lester has served three terms in the penitentiary, and is regarded as a bad actor and to prevent any possibility of escape, the prisoner was heavily manacled by the detective before leaving here with the desperado.

Detective Ryan, who complimented Chief Disel and other officers of the local force who effected the capture of Lester, stated that the prisoner was wanted in his city for bond jumping, bank robbery and numerous other crimes. The officers that participated in the arrest of Lester will share in the \$200 reward which was paid to Chief Disel.

Will Discontinue City Deliveries

We regret exceedingly that we have deemed it necessary to take this action. The continual drop in prices for the past six months bringing with it heavy losses without any appreciable lessening of expenses—has made it seem advisable to us to curtail every possible expense for the present and concentrate our energies upon the one thing, meeting the consumers' demand for

LOWEST POSSIBLE PRICES

which, under present conditions, we believe can best be accomplished by making every possible economy in the management of the business.

When we began this service more than a year ago, our chief object was the creation of a good market for farm produce—chiefly eggs—of which we received a large surplus. Today the demand is greater than the supply.

We have enjoyed exceedingly the very pleasant business relations with so many city homes, and it is with genuine regret that conditions are such that we cannot continue this service.

More and more city folk are finding it convenient and more satisfactory to drive out, at least once each week—sometimes oftener. We believe you too, will find it profitable to do this. We assure you that we shall be very glad to see you and promise that our service at the store will be better than ever before.

Jack Gets New Sparring Partners

SUMMIT, N. J., May 5.—Jack Dempsey, world's heavy-weight champion, who is training in light training at Freddy Welsh's farm near here for his bout July 2 with Georges Carpentier, has added two sparring partners to his camp, it was announced today. The new arrivals are Alex Trambidas, Portland, Oregon, middle-weight, and Steve Latzo, Scranton, Pa., welter-weight.

Monk Making Good In Florida

"Widge" Monk, local ball player, who is with the Fort Myers team in Florida, is making good as he is putting up a fine record of baseball. His receiving has won him a home there, according to the local things being said about him in the Fort Myers papers. His hitting is also figuring in the victories that are coming to that club. Recently in a double-header, Monk got one hit out of three trips to the plate in the first game and 2 out of 3 in the second game. He scored the winning run in the first game which resulted 2 to 0. His hit was one of four made by the winners. His throwing to the bases is better than ever and there is hardly any question as to his staying with the team all season.

Kelley In Scrap To Finish

Wednesday night May 11 at Mayor J. S. Davis' theatre, New Boston, "Spike" Kelley, light-heavyweight will fight in a no limit contest with a worthy opponent from Cincinnati. The fight should be a corker. Plans are being made for a battle royal between colored youths and a scrap between a colored woman of this city and a colored boxer of Cincinnati.

Fight In Columbus

COLUMBUS, O., May 5.—Bryan Downey, of Cleveland and Jack Malone of St. Paul, have been matched for a 12 round decision bout to be staged here May 16, it was announced today. They are middle-weights.

Chicago Swamped

CHICAGO, May 5.—Ohio State university basketball team defeated the University of Chicago 20 to 5 in a western conference game here yesterday.

Cubs Beat The Reds

CHICAGO, May 5.—Chicago defeated Cincinnati, 3 to 1, in the first game of the series here yesterday by bunting hits behind the errors of the visitors. Freeman pitched in fine form and was given airtight support.
